### **Membership Termination:**

Membership in the Mind-Body Medicine association may be terminated for the following reasons:

- The member's resignation
- The member's failure to pay dues
- The member's conviction of a felony or other crime that may have relevant undesired consequences to the Association

### **Confidentiality:**

The Mind-Body Medicine Association and its members agree to keep all information, with the exception of those publicly available, about the Association and its Members confidential. This information includes, but is not limited to, the following:

- The Association's membership list
- The Association's financial information
- The Association's intellectual property
- The Association's marketing plans
- The Association's research
- The Association's patient information

Members may only disclose confidential information to the following persons:

- Other Members of the Association
- The Association's employees
- The Association's Board of Directors
- The Association's lawyers
- The Association's accountants

Members may only disclose confidential information if they have the express written consent of the Association.

Members who violate this confidentiality clause may be subject to disciplinary action, up to and including expulsion from the Association.

This confidentiality clause will remain in effect for a period of five years after the termination of the Member's membership in the Association.

This confidentiality clause is governed by the laws of Malaysia.

### **Relaxed Education Entry Requirements**

The Mind-Body Medicine association understands that not everyone has the opportunity to obtain a diploma in Mind-Body Medicine or in any profession. Therefore, we have relaxed our education entry requirements for individuals who have a minimum of 5 years of experience in a related field. These individuals must also pass an assessment conducted by the association.

We believe that everyone has the potential to benefit from Mind-Body Medicine. We are committed to making this healing modality accessible to everyone, regardless of their educational background.
